

BOY SCOUTS OF AMERICA®
ANTHONY WAYNE AREA COUNCIL

The Trainer's EDGE

Saturday, February 18, 2012

8:00 a.m. – 5:00 p.m.
AWAC Service Center

The Trainer's EDGE is for adult leaders at unit, district and council levels. Building on skills you *already* possess, The Trainer's EDGE focuses on the participant, as it "trains the trainer" on behaviors and resources utilized by successful BSA trainers, develops the platform skills of a trainer and offers fun, hands-on experience in methods and media.

Mirroring the practice that is offered through other training staff developments, each participant will have the opportunity to give several presentations throughout the day. Wood Badge and National Youth Leadership Training staff are required to attend every three years.

- **Module 1** explores Communication (verbal and nonverbal), introduces the EDGE model, and gives participants hands-on opportunities to use the EDGE model.
- **Module 2** follows the steps in preparing a presentation, as well as the various media and methods that can be used in an effective presentation.
- **Module 3** reveals how to develop a training culture, facilitation, participant focus, and managing the group for an effective, enjoyable training experience.
- **Module 4** affords all participants time to give their presentation on any BSA topic.

Pre-course Preparation: **Prepare a 10 to 12 minute presentation on any BSA topic using your choice of audio and/or visual aids.** Bring your presentations, audio visual aids, energy and experiences to The Trainer's EDGE! Feedback on your presentation will be given *in a positive and helpful way*. Indicate your BSA topic when registering. Bring your own lunch (or the group can decide to order pizza for an additional cost).

REGISTRATION DEADLINE: Saturday, February 11, 2012.

Access online registration link at www.awac.org, Council Training webpage

or if online, [click here](#) to register.
